TO: William E. Muno, Director

EPA Region 5

On behalf of the National Remedy Review Board, I would like to express my appreciation to Region 5 for your support during our December 2-4, 1997, meeting in San Francisco. In particular, I would like to thank Bill Bolen and Mary Tierney for participating in the Board's review and deliberations on the Lenz Oil site.

We recognize that it takes a great deal of time and energy to assemble background materials and communicate accurately the problems and management options at these sites. Please express my sincere appreciation to Bill and Mary for their exceptional support in this effort.
